

The Fairlawn Neighbourhood Centre  
28 Fairlawn Avenue, Toronto

## **How the City of Toronto Strike Affects our Programs**

The City workers' strike does not affect programs here at the Centre. Anne has put a message on the answering system stating we are not affected by this strike as we are a private neighbourhood centre.

The Healing Yoga summer program held at the Locke Library starting July 2 is not affected by the strike as most libraries are open.

The Toronto Public Health program "Living and Learning with Baby" was scheduled to start on June 30 at the Locke Library. The library may be open but this new moms program will not be offered during the strike. Direct any calls about this program to 416-338-8451
